Learning Goals for Next Week:

Math: Next week, we will review telling time to the hour and half hour, and begin learning how to tell time to the nearest five minutes. We will continue to review multi-step story problems as well.

Reading: Next week, we will learn all about the Iditarod! Students will pick their own musher to track on the Iditarod website, and make informational posters to share their research. We will continue to track their progress once the race starts. We will also work on comparing/contrasting information from two nonfiction texts about the same topic.

Writing: We will continue our informational writing unit next week (musher posters).

Art: Symmetrical self-portrait sketches

Middle School Carnival

We have been invited to attend the Middle School carnival after lunch on Thursday, March 12th. We had so much fun last year at this event! Mr. Tweet uses the funds raised from refreshments purchased by students to take his class to the high ropes course at Rock Haven.

Please send \$2 for your child to purchase snacks on or before the 12th (I will keep track of the money brought in). If you are able to donate a dollar or two extra, that money will go towards students who do not have money for concessions. Thank you!
